Woodson & Jackson

Druggists "The "NATOL" Store

Swat Mr. Rooster.

Saturday June 6 is rooster day all over Missouri but it does not suit us to buy roosters on that date so we are going to use Monday June 8th. to buy roosters at an extravagant price. We do not mean by this that we are going to pay a high price on Saturday June 6th nor on Tuesday June 9th, but one day only and that is Monday June 8th. This price is to farmers only who wish to get rid of their roosters in order to better the quality of their eggs during hot weather. The rooster does not make the hen lay, and getting rid of the rooster will improve the quality of an egg, as an infertile egg will keep longer than a fertile egg. We are doing this to get all the roosters out of the country where we get eggs as it will make better eggs. Our price will be 8 cents per pound.
